

VOLUNTEER & PARTNER INDEMNITY/AGREEMENT FORM

I,, am aware of the mission and purpose of HEAL Africa.

I identify with and am inspired by them to the point where I want to voluntarily contribute to the organisation by travelling to the Democratic Republic of Congo ('DRC') (and possibly other neighbouring provinces) on the day of in the month of..... and the year..... to provide my personal services as acts of charity to people and organisations in need.

I fully expect that this could be a dangerous journey and that I place myself at potentially catastrophic risk by doing so. I also see great need in DRC and believe that I can help. I do not intend to gain materially or professionally by going on this trip.

Nobody is pressuring me to go. I want to freely serve disadvantaged people.

I accept full and complete responsibility to investigate and consider all of the risks to my person, my family, my principals or employers and any other person before I leave on this trip.

I know that other volunteers and contributors to HEAL Africa's mission may discuss some risks in preparation for effectively fulfilling the purposes and mission of HEAL Africa, but I assume full and complete responsibility to inform myself and prepare for the variety of risks I may face.

I also agree to abide by the Code of Conduct for Volunteers & Partners offering their services to HEAL Africa.
